### **Introducing the NEW OIL & GAS Brochure from BRAN+LUEBBE - Offering Producers a Full Service Package**

DELAVAN,WI (2003) – BRAN+LUEBBE – The NEW Bran+Luebbe, Oil & Gas brochure covers “Chemical Injection Skid Packages”, engineered for Oil & Gas production. Bran+Luebbe has many years of experience supplying chemical injection systems and pumps throughout the world to the oil and gas production industries for both offshore and onshore installations. A partner with virtually all major producers, our unparalleled experience and dedication worldwide is entirely unmatched. Globally, our installed base is equally strong.

With Bran+Luebbe on your team, you get clear benefits from:

- Single Source Responsibility
- Financial Strength
- 100+ Man Years In Design Experience
- Turnkey Project Management
- Equipment Reliability
- Aftermarket Support
- Dominant Worldwide Operations

Bran +Luebbe isn't simply an equipment supplier, we are an equipment manufacturer, an engineering resource, an experienced fabricator and a strongly committed aftermarket service provider.
